Young House Universal

Flexibilitatea de aprovizionare

Echipa noastra de vanzari este renumita pentru disponibilitatea si capacitatea sa. Este dispusa si capabila sa va ajute sa gasiti solutii si sa se adapteze la modificari de ultim-minut cat si cereri speciale.

Indeplinirea angajamentelor noastre

Depunem toate eforturile pentru a ne indeplini angajamentele fata de clientii nostri cat si furnizarea de produse necesare la timp. Un alt motiv pentru care ar trebui sa lucram impreuna.

- Furnizor cu experienta
- Un veritabil producator de cladiri de gradina
- Calitate incomparabila
- Design sofisticat
- Flexibilitatea de aprovizionare
- Indeplinirea angajamentelor noastre

Toate fotografiile din brosură sunt doar ilustrații propuse. Ne rezervăm dreptul de a schimba modelele fără înștiințare prealabilă. Toate dimensiunile afișate sunt aproximative.

Young House Universal

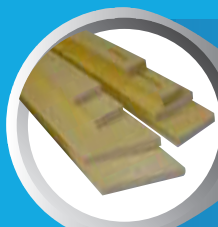

Garden house with **corner connection** assembly, available in a **large choice of excellent quality Northern quality of blockboards thicknesses**: 28 / 34 / 40 / 44 / 58 / 70 / 92 mm.

Terrace board are **impregnated**.

Our wall beam angle profile are made with **wind-tight connection**, to ensure a **better wind resistance**.

Fillets, beadings and mouldings **included**.

Solid wood and impregnated under-construction beams to preserve your house from rises of humidity and give it longer life.

Fixings and assembly instruction come with every building.

18 mm thickness **solid wood floorboard** and available in 28 mm for holidays houses.

wood storm protection or threaded rod depending on model, to protect your house from strong winds.

18 mm **solid wood roofboards** and from 15 mm for «Basic» range.

www.universalconstruct.ro

Young House Universal

High quality of windows and doors among the best on the market.

All our doors and windows are made of real glass: **single glazing** (4 mm) or **double glazing** (3/9/3 or 4/12/4) according to houses.

Door handle with cylinder lock.

Doors and windows, from Premium range, are with **Silicon gasket**, to improve insulation of your house.

Entry doors with **low sill**, to provide you **easier access to store your heavy garden tools and machines** in your house.

From **Premium range quality level**, our windows are supplied with **aluminium water gutters**, for a better protection against the rain.

Windows with **double closing system** and tilt and turn opening system, except for horizontal fixed windows.

Our houses are **packed carefully**, on a real wooden pallet, with UV protection folio to preserve them of bad weather conditions and with belt to ensure better stability during transport.

*When choosing a cabin,
every detail counts!*

*The quality
is all in the detail...*

Depending on how you want to use your cabin, there is a **wide range of products available**. In accordance with your needs, we can offer you **the best craftsmanship** thanks to the different solutions we have available in the **Basic, Classic, Premium** and **Elite** categories.

RANGE

space for
your dreams!

The basic range caters to the majority of users' needs. This product range offers excellent value for money and certain quality standards.

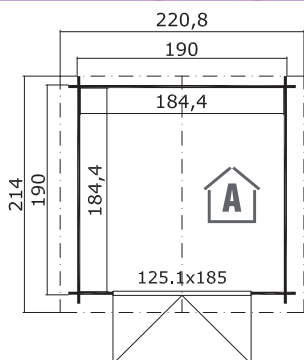

For us every detail counts!
The basic range benefits from glass panes, low door sills in aluminium (apart from the Neva range) and solid wood roof battens.
Functional, practical products to meet your every need.

HOLIDAY

*Our range of
holiday cabins,*

Looking for space to move and breathe
in your holiday home, as well as the
natural smell and warmth of wood

Then hesitate no longer and choose your cabin **from among**
our range of recreation and holiday cabins,
available in 58 mm, 70 mm and 92 mm profiles.

Iftode Universal
sisteme de construcții

Young House Universal

CABINS

*customisable according
to your needs*

In this selection, we offer standard cabins designs, as well as personalised constructions depending on the use you have in mind: you determine the surface area and layout of the required number of rooms.
For optimum comfort, you can also opt for **our top-quality joinery** and insulation for walls, floor and roof.

We accompany you every step of the way in building the cabin of your dreams!
