

Art. BURGHIU HSS PENTRU METAL coada cilindrica profesional, industrial

DIN338

SPURT POINT - DIN 1412 C

Permite evacuarea rapida a materialului rezultat in urma gauririi

Frecare mult redusa in timpul utilizarii.

Efectueaza gauri mai adanci, mai curate si mai rapid.

Ideal pentru folosirea in otel, fonta, cupru, aluminu..

Burghiele HSS

au o durata de viata mai mare.

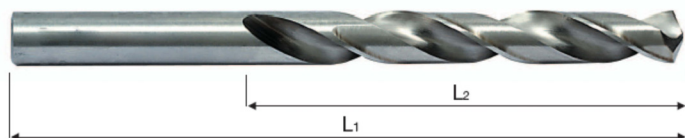

In cazul utilizarii la otel inoxidabil se recomanda intotdeauna racire!
